

Understanding Values, Wealth, and Rights

1. Identify some of your core values and types of wealth that are expressed in the Declaration of Independence, Bill of Rights, or 14th Amendment.
2. Explain the purpose of a free people in forming a limited government by consensus.
3. Describe the difference between civil liberties and civil rights.
4. Give past and current examples of how our rights were and are used to address public problems, involving injuries and usurpations.
5. Describe “quality of life” in terms of wealth of individuals and societies.
6. What is your “take-away” from this lesson?
